Event Details

Department: Computer Engineering

Organized By: Computer Students Association Ingenious Computer Oriented Network (ICON)

Date: 01/09/2012

जल है तो कल है

जल का संरक्षण है सबके लिए जरूरी ।

बिना पानी हो जायेगी, जीवन से दूरी।

जल से ही है हरा भरापन इस भूतल का ।

आखिर कब महत्व समझेगें हम इस जल का।।

Save Water save Life

The program based on theme "Save Water Save Life" was organized by department of Computer Engineering and student's association ICON, on 1/9/12, Saturday under social

awareness among students. All the faculties, President, Vice President and members of ICON and students of MMIT, participated in this event.

Water covers 71% of the Earth's surface, and is vital for all known forms of life. Water scarcity is either the lack of enough water (quantity) or lack of access to safe water (quality). The problem of water scarcity is a growing one. As more people put ever increasing demands on limited supplies, the cost and effort to build or even maintain access to water will increase.

How to save water without changing your lifestyle

- Saving Water at the Sink
- Save Water on the Toilet
- Save Water in the Shower
- Rainwater harvesting.

Save Water save Life

In this program, discussions about importance of water and problems that can be raised due to shortage of water were discussed. Students were given exposure about different ways to save water.
