ABOUT MARTHWADA MITRA MANDAL

The trust "Marathwada Mitra Mandal, Pune" was established in 1967 by Hon. Late Shri. Shankarraoji Chavan, Former Home Minister, Govt. of India as the "Founder President". The trust had started its activity with the objective of providing hostel or similar accommodation in Pune to the students. This trust is established through the inspiration of socially and educationally charged personalities, with the motto "**Yethe Bahutanche Hit**" (Welfare of Masses). Mass education, co-education and dedication towards overall development of the region are watchwords of the trust. At its various educational campuses the trust has created excellent facilities of education catering to Architecture, Interior Design, Management, Law, Commerce, Pharmacy, Engineering, etc. Which provides excellent education to about 12,000+ students.

ABOUT MMIT

MMIT, Lohgaon was established in 2008. The institution is affiliated to Savitribai Phule Pune University, Pune and is approved by AICTE, New Delhi, Recognized by DTE, Government of Maharashtra. The uniqueness of the institute lies in its provision for an elaborate spectrum of engineering program under one roof which emphasis on quality education, training, and building of cultural value and development of professional skills. The institute has a sprawling and lush green beautifully planned campus with modern state of art infrastructure and hostel facility in 15 acres of land. The institute is accredited with "**A**" Grade by NAAC. It offers five engineering programmes (Computer, Artificial Intelligence & Data Science, Mechanical, Civil, Mechatronics). It houses 1000+ students and 80 staff members.

ABOUT QIP

Education disseminates known knowledge; research creates new knowledge, and innovation converts knowledge into wealth and social good. All the world-class universities do this linkage seamlessly. Furthermore, teaching without research is sterile. Therefore, NEP 2020 has put its sights on a major revolution in its approach to learning systems. As all HEIs prepare to be Multidisciplinary and Research oriented, changes right from the school levels will be needed in the learning and academic delivery models. The State should start with key building blocks and implement a well-understood and simple system of research methodology as a basic skill. This QIP will inculcate Research Olympiad Mission in Schools & Colleges

OBJECTIVES OF THE QIP

- To create a conducive environment for enhanced research productivity.
- To encourage collaboration across industry, government, community-based organizations, and agencies at the local, national, and international levels.
- To facilitate greater access to research through mobilization of resources and funding.
- To Promote Research Fellowships and Chairs
- To Balance Research Excellence and Relevance
- To Devise and Implement a Research Credits System
