Day I: 12/02/2024

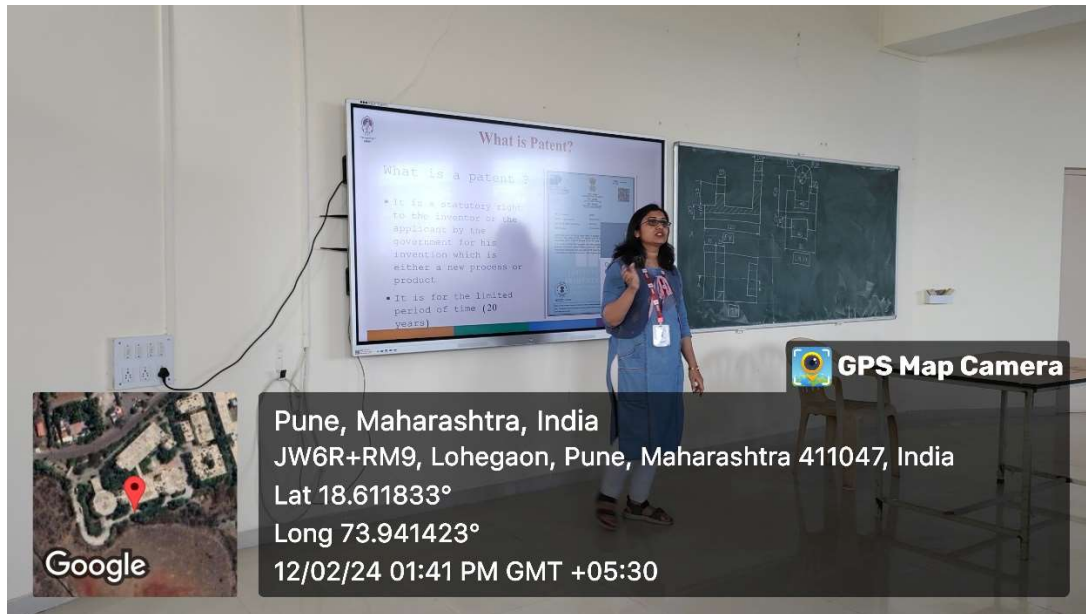

Dr. Amol Bhanage, Convenor, welcomes all speakers and participants. He gave a welcome speech about workshop objective, scope, and outcomes. The workshop commenced with a brief introduction to the three days' workshop sessions. The workshop is designed in three parts in order to impart the participants with knowledge of research methods, the research process, use of research tools and techniques, writing and presentation skills. This workshop covers patent filing and granting, copyright drafting and publications, technical writing, plagiarism, publication ethics and plagiarism software, statistical tools, book chapter writing, and publications in SCI, SCOPUS, and UGC journals.

Dr. Amol Bhanage, convenor, introduced the speaker session

The introductory session was taken by Dr. Jyoti Deshumkh. In this session, a complete introduction to intellectual properties like patents, copyrights, trademarks, designs, trade secrets, etc. was given. The session also covered various facets of patents, including intellectual property rights and their principles, intellectual property laws, legal options, etc. She emphasized that IPRs have to be renewed from time to time to keep them enforced, except in the case of copyright and trade secrets.

The second session continues with patent filing and procedures. Dr. Mangesh Salunke discussed the detailed procedure of patent filing and its procedure.

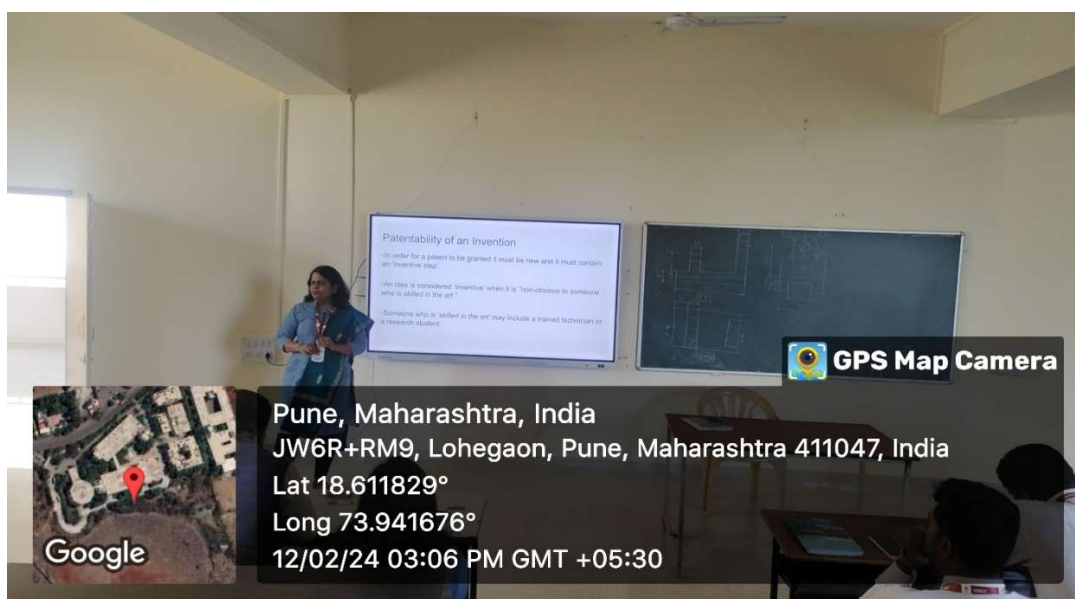

Dr. Jyoti Deshmukh: Session on Patent Drafting and Filing

Dr. Mangesh Salunke: Session on Patent Filing and Procedure

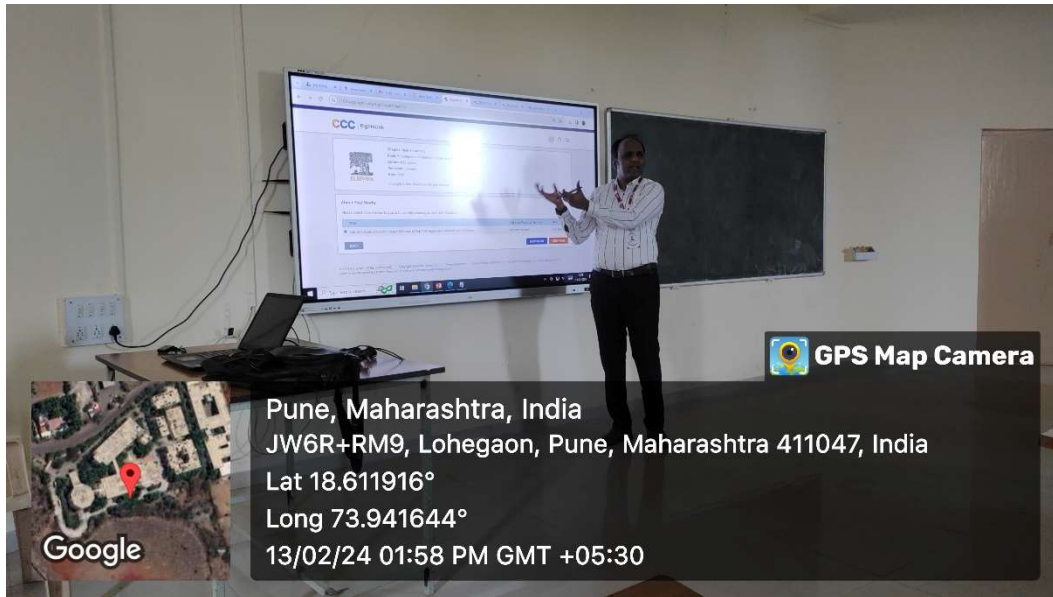

Dr. Subhash Rathod opened the third session with a presentation titled "Copyright Registration - A Practical Approach." He highlighted the importance of copyright laws and revisions. He emphasizes the process of applying for copyright and provides an explanation of Online Copyright Registration. Dr. Anjali Joshi concludes the first day sessions by presenting case studies on the process of submitting patents. She emphasized the key aspects of Intellectual Property Rights (IPR) - novelty, originality, inventiveness, and utility.

Dr. Anjali Joshi: Session on Case Study on Patent Filing

Day II: 13/02/2024

Dr. Amol Bhanage started the session with hands on training on obtaining permission for the reproduction of figures and tables from other journals. He explained in detail the procedure of applying with different case studies. Dr. Yogendra Patil states the structure, sections, and contents of a scientific journal article. He focuses on writing structures, namely the statement of the problem. The text focuses on three main components: literature review, theoretical framework, method or design, and references.

Dr. Amol Bhanage: Session on Obtaining permission for the reproduction of data from other journals: Hands-on training

Dr. Yogendra Patil: Session on Structure and Sections of Scientific Journal Article

Dr. Sonali S. Patil highlighted the session on issues related to plagiarism. She inquires about the circumstances in which plagiarism occurs. Is there a general guideline to ascertain plagiarism? What are the potential repercussions of detecting plagiarism? What are the strategies to prevent it? The purpose of the session is to tackle these specific inquiries. Dr. Megha Kadam highlights problem identification for research, crafting the research title and moulding it into the problem statement. She delivered the session with numerous examples.

Dr. Sonali Patil: Session on Plagiarism in Research Paper Writing

Dr. Megha Kadam: Research Paper- Problem Identification and Writing

Day III: 14/02/2024

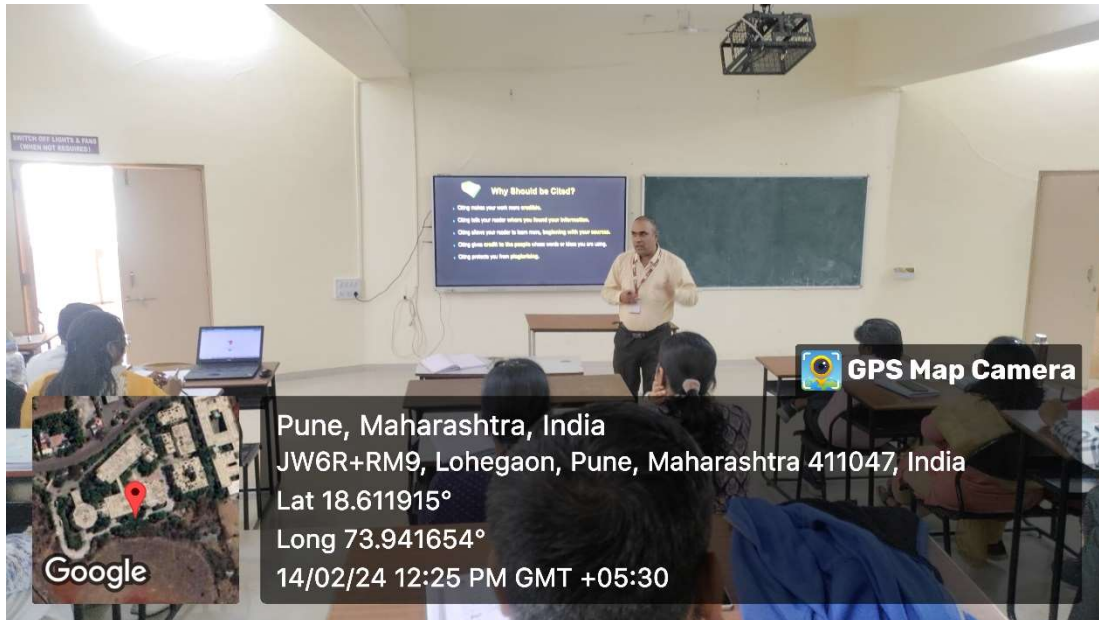

Dr. Gargi Yadav started the session with a response to the reviewer. She explained the session with case studies and a strategized way of writing to reviewer questions. Dr. Atul Khatri spoke on proper use of citations in research articles and the ethical considerations involved in doing research. He discussed the significance of citations, various methods of citing, and tools for referencing, among other related topics.

Dr. Gargi Yadav: Session on How to Respond to Reviewer

Dr. Sachin Mutalikdesai started a session with the topic of writing effective research papers for SCI journals. During the session, he explained about research methodology, selection of a journal, structure of a journal, language issues, presentation of results and discussion, and tools for quality improvement. Dr. Amita Pal highlights the major parts of statistics used in research methodology and their importance. She explained the types of statistical tools and their objectives, calculations, and applications. The session also explained a few examples. Dr. Pratibha Desai provides an overview of writing a review paper, identifies research gaps, and explores potential areas in a particular field. Dr. Girish Allampallewar explained the structure and way of writing the thesis in

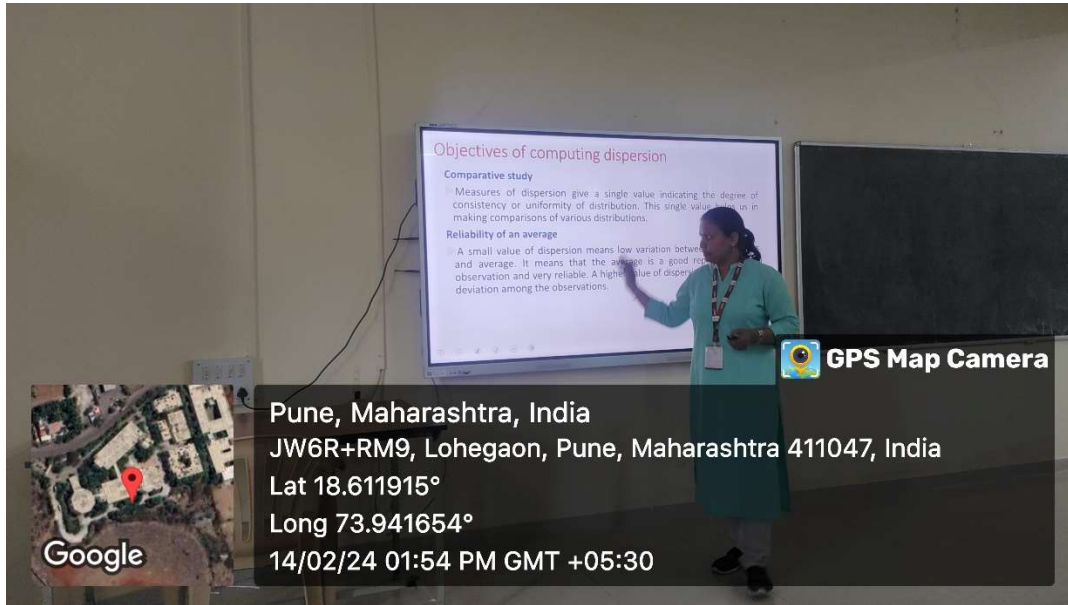

detail. conversation on various faces of the thesis, such as literature review, gap identification, experimental methodology, results, and conclusions.

Dr. Atul Khatri: Session on Importance of Citations

Dr. Sachin Mutalikdesai: Session on Publications in Scopus/SCI/UGC Journals

Dr. Amita Pal: Session on Statistical Tools used in Research Papers

Dr. Pratibha Desai: Session on How to Write Review Papers

Dr. Girish Allampallewar: Session on How to Write Thesis

Finally, the session concluded with the different aspects of book chapter writing by Dr. Amol Bhanage. The session convenor gave a vote of thanks to all participants and speakers who contributed to the successful completion of the workshop.

The three days workshop on “Research Writing – Manuscript, Copyright, Patent and Books” concluded with participants feedback. The participation certificates were distributed at the end of the programme.
