ABOUT MARTHWADA MITRA MANDAL

The trust "Marathwada Mitra Mandal, Pune" was established in 1967 by Hon. Late Shri. Shankarraoji Chavan, Former Home Minister, Govt. of India as the "Founder President". The trust had started its activity with the objective of providing hostel or similar accommodation in Pune to the students. This trust is established through the inspiration of socially and educationally charged personalities, with the motto "Yethe Bahutanche Hit" (Welfare of Masses). Mass education, co-education and dedication towards overall development of the region are watchwords of the trust. At its various educational campuses, the trust has created excellent facilities of education catering to Architecture, Interior Design, Management, Law, Commerce, Pharmacy, Engineering, etc. Which provides excellent education to about 12,000+ students.

ABOUT MMIT

MMIT, Lohgaon was established in 2008. The institute is accredited with "A" Grade by NAAC. It offers five engineering programmes (Computer, Artificial Intelligence & Data Science, Mechanical, Civil, Mechatronics). It houses 800+ students and 80 staff members

ABOUT THE SEMINAR

The event is anticipated to yield significant benefits for attendees, including a deeper comprehension of the relevance and potential applications of data science and artificial intelligence (AI) across diverse industries. Through engaging presentations and interactive discussions, participants will gather valuable insights and inspiration for

integrating these technologies into their organizational strategies. Practical knowledge and best practices for implementing data science and AI initiatives will be shared, equipping attendees with the tools to drive innovation and address challenges effectively.

OBJECTIVES OF THE SEMINAR

- 1. Highlight the transformative power of data science and AI in various industries and domains.
- 2. Showcase real-world examples and case studies illustrating the impact of data-driven approaches and AI technologies.
- 3. Discuss the latest trends, developments, and challenges in the field of data science and AI.

TOPICS COVERED

- What is Data Science?
- What is Artificial Intelligence?
- How DS and AI will impact our future?

"Seminar on Future of Data Science and Artificial Intelligence"

Department of AI & DS organized a seminar on "Future of DS and AI" for the SE and TE students of AI & DS Department. Data science and artificial intelligence (AI) play pivotal roles in transforming industries, driving innovation, and solving complex problems. By harnessing the power of data, organizations can gain valuable insights, make data-driven decisions, and unlock new opportunities for growth and efficiency. AI technologies, powered by advanced algorithms and machine learning, enable automation, predictive analytics, and personalized experiences, revolutionizing how businesses operate and interact with customers. From healthcare and finance to transportation and entertainment, the integration of data science and AI empowers organizations to tackle challenges, drive innovation, and create positive impact in an increasingly digital and interconnected world.

The details of Seminar are as follows:

Time: 11.00 AM.

Date: 05th March 2024

Mode: Offline Mode

Resource Person: Ms. Apurva Gadekar, Mr. Vijay Kate

- Trainer at IANT Computer Education

About Program:

Objective:

The objective of the above seminar is to provide attendees with a comprehensive understanding of the importance and applications of data science and artificial intelligence (AI). Through insightful presentations and discussions, the seminar aims to:

- Highlight the transformative power of data science and AI in various industries and domains.
- Showcase real-world examples and case studies illustrating the impact of data-driven approaches and AI technologies.
- 3. Discuss the latest trends, developments, and challenges in the field of data science and AL.
- Explore opportunities for leveraging data science and AI to drive innovation, improve decision-making, and enhance operational efficiency.
- Provide practical insights and strategies for implementing data science and AI initiatives within organizations.
- Foster collaboration and knowledge-sharing among professionals, researchers, and practitioners interested in data science and AI.

Activities performed:

In the session, the speaker shared information about basics of entrepreneurship, startups and how they pursue their startup journey, what are the phases of startup, challenges they have faced and how are they managing the startup. The speaker also shares how a startup works along with the facilities available for the students on the campus in the form of incubation centers.

Total Duration of session is 2 hrs.

Total Participants: 38 Students & 02 Faculties.

It was an interactive session where students' doubts were solved by the speaker.

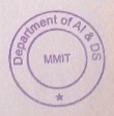

Outcome:

The event is anticipated to yield significant benefits for attendees, including a deeper comprehension of the relevance and potential applications of data science and artificial intelligence (AI) across diverse industries. Through engaging presentations and interactive discussions, participants will gather valuable insights and inspiration for integrating these technologies into their organizational strategies. Practical knowledge and best practices for implementing data science and AI initiatives will be shared, equipping attendees with the tools to drive innovation and address challenges effectively. Networking opportunities will facilitate connections with peers and industry experts, fostering collaboration and the exchange of ideas. Ultimately, attendees will depart the event with newfound resources, contacts, and strategies to support ongoing learning and professional growth in the dynamic field of data science and AI.
