ABOUT MARTHWADA MITRA MANDAL

The trust "Marathwada Mitra Mandal, Pune" was established in 1967 by Hon. Late Shri. Shankarraoji Chavan, Former Home Minister, Govt. of India as the "Founder President". The trust had started its activity with the objective of providing hostel or similar accommodation in Pune to the students. This trust is established through the inspiration of socially and educationally charged personalities, with the motto "**Yethe Bahutanche Hit**" (Welfare of

Masses). Mass education, co-education, and dedication towards overall development of the region are watchwords of the trust. At its various educational campuses, the trust has created excellent facilities of education catering to Architecture, Interior Design, Management, Law, Commerce, Pharmacy, Engineering, etc. Which provides excellent education to about 12,000+ students.

ABOUT MMIT

MMIT, Lohegaon was established in 2008. The institution is affiliated to Savitribai Phule Pune University, Pune and is approved by AICTE, New Delhi, Recognized by DTE, Government of Maharashtra. The uniqueness of the institute lies in its provision for an elaborate spectrum of engineering program under one roof which emphasis on quality education, training, and building of cultural value and development of professional skills. The institute has a sprawling and lush green beautifully planned campus with modern state of art infrastructure and hostel facility in 15 acres of land. The institute is accredited with "A" Grade by NAAC. It offers five engineering programmes (Computer, Artificial Intelligence & Data Science, Mechanical, Civil, Mechatronics). It houses 800+ students and 80 staff members.

ABOUT THE WORKSHOP

Marathwada Mitra Mandal's Institutions, The Department of Computer Engineering organized "One Day Workshop on Cloud Computing" on 04th March 2024 at MMIT, Lohgaon, Pune. Department hosted a session for TE computer students from our departments to build awareness about Cloud Computing as per industry point of view.

Workshop is divided into two sessions. The first session was conducted by a Cloud Architect who guided students about Amazon AWS Cloud and the second session is all about hands-on training to students about cloud computing

OBJECTIVES OF THE WORKSHOP

The objective of this Workshop is to build awareness about Job Readiness and Insights for Personal Development as per industry point of view.

Workshop is all about hands-on training to students about Full Stack Development and Data Science.

TOPICS COVERED

In the session, the speaker shared information about current Market trends. He elaborated the importance and need of the test to be carried out for future scope. The Job Readiness Activity Test is designed to assess an individual's readiness for employment by evaluating various skills and competencies crucial for success in the workplace. This report provides an overview of the test, its methodology, results interpretation, and recommendations based on the findings. The Job Readiness Activity Test consisted of several components aimed at gauging different aspects of job readiness.

About Program:

Objective:

The objective of this Workshop is to build awareness about Job Readiness and Insights for Personal Development as per industry point of view.

Workshop is all about hands-on training to students about Full Stack Development and Data Science.

Activities performed:

In the session, the speaker shared information about current Market trends. He elaborated the importance and need of the test to be carried out for future scope. The Job Readiness Activity Test is designed to assess an individual's readiness for employment by evaluating various skills and competencies crucial for success in the workplace. This report provides an overview of the test, its methodology, results interpretation, and recommendations based on the findings. The Job Readiness Activity Test consisted of several components aimed at gauging different aspects of job readiness.

Outcome:

Based on the assessment, participants were scored on each component, and an overall job readiness score was calculated. The scores were interpreted as follows:

- Excellent: Demonstrates exceptional readiness for employment across all assessed areas.
- Good: Displays a solid foundation of job readiness skills with room for improvement in certain areas.
- Fair: Shows potential for employment but requires further development in several key areas.
- Poor: Significant improvement is needed in multiple aspects of job readiness before being considered employable.
