

"Techno - Social Excellence"
Marathwada Mitra Mandal's
Institute of Technology (MMIT)

Accredited with "A" Grade by NAAC
 Survey No. 35, Vadgeon Shinde Road, Lohgaon, Pune - 411 047

Approved by AICTE, New Delhi, Recognised by DTE, M.S.Mumbai, Affiliated to Savitribai Phule Pune University

Email : principal@mmit.edu.in Website : www.mmit.edu.in

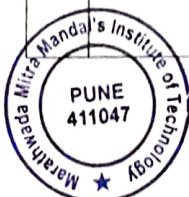

Tel No. : +91 7447786623 / +91 7447786624

DTE Institute Code : 6203

Academic Year: 2020-2021

Feedback and Action Taken Report on the syllabus and its transaction at the institution from the stakeholders

Sr.	Stake Holder	Feedback Analysis	Action taken
1	Employer	AY 2019-20 Sem II, AY 2020-21 are conducted online due to Covid-19 pandemic. Students lack practical knowledge and hands-on skills	<p>To compensate lack of practical knowledge and hands-on skills, Virtual lab sessions were planned. Total usage report reached to 2000+.</p> <p>Students were encouraged to pursue MOOCs courses related with practical knowledge and hands-on skills.</p> <p>Students were encouraged to enroll for various online internship programs conducted by different organizations like Tata Technologies, Exposys data labs, etc</p>
2	Alumni	To meet the skill requirements for industry, curriculum gaps are required to be addressed through add-on courses	Alumni meet conducted in online mode. On the basis of inputs received from Alumni, students were encouraged to participate in 9(Nine) online courses by NPTEL, Coursera, etc
3	Students	Non-availability of internet, mobile connectivity on some occasions, students miss the online lectures.	The live online sessions conducted during regular teaching were recorded and these video lectures were shared to students through Google Classroom
		Physical access to college library was not feasible during pandemic.	Faculties shared e-books to students through Google Classroom. A vast database of e-books made available to students through NDNL (National Digital Library) and DELNET platform.
		Performing practical and experiments not possible in online mode	Faculties recorded self-performed practical sessions and Video recording of all experiments were shared with students. Students were also encouraged to perform virtual lab experiments through Nodal Center platform of IIT Bombay.
		Availability of teaching material in soft copies	Staff prepared teaching material such as theory notes, question bank, presentations, MCQs, video lectures, online resources and shared to students through Google Classroom.

4	Teachers	Conduction of academics in online mode is not effective due to lack of one to one and physical interaction with students	Faculties used various ICT tools to make the online lectures mode effective and interactive with the use of digital writing pad, in-house prepared wooden stands, Streaming of classroom sessions to students recorded in smart classroom using tools such as interactive touch screen board, tripod stand, web camera, mic, etc.
		Due to pandemic situations, mental stress is increased considerably.	Institute conducted a few sessions in online / offline mode such as Yoga Sessions, art of living, etc to reduce mental stress.
		Need to conduct a few extension / outreach activities for aspiring students of engineering	Online sessions such as guidance for admission, admission process, mock CET tests are arranged and conducted by the institute.
		Need to make freshly admitted students feel comfortable in their new environment, set a healthy daily routine, create bonding in the batch as well as between faculty and students as per the guidelines of AICTE.	Induction program for freshly admitted students of first year and direct second was conducted in online mode.

Concluding remarks – The entire academic year 2020-21 was full of challenges posed by Covid-19 pandemic situations. Also, Pune being one of the worst affected cities in number of covid cases, many activities could not be conducted. There is limitation of online teaching which lacks practical skills and hands-on experiences. The institute tried to do the best to deal with the situation by obtaining and addressing the feedback from all stakeholders in all possible ways such as telephonic communication, Google Meet, Social media, etc.
