

## **S4DS Student Chapter**

S4DS is a Non-Profit Association bringing together technical experts, Professionals and Academia in the field of Data Science and Machine Learning. They are committed towards supporting the data science profession with practical resources for data professionals while improving the practice of Data Science. Society for Data Science is a collaborative platform for Professional Bodies to promote Innovation around Data Science. Setting standards for the ethical professional practice of data science.

The inauguration of the S4DS (Students for Data Science) chapter by the AI & DS (Artificial Intelligence & Data Science) Department, MMIT, Lohgaon, Pune on 19/04/2024 was a momentous occasion that marked a significant milestone in the academic journey of the department and its students. The event was graced by faculty members, S4DS Member, and students who are passionate about data science and artificial intelligence. The inauguration ceremony highlighted the department's commitment to fostering a culture of learning, innovation, and collaboration among students interested in data science and AI. The S4DS chapter aims to provide a platform for students to explore, learn, and excel in the field of data science by organizing workshops, seminars, hackathons, and industry interactions. It also aims to bridge the gap between academia and industry by facilitating internships, projects, and placement opportunities for students. The inauguration ceremony was a testament to the department's vision of empowering students with the knowledge, skills, and opportunities to succeed in the rapidly evolving field of data science and artificial intelligence.
