
"MECHANIZED DESIGN APPLICATIONS"**DEPARTMENT OF MECHANICAL ENGINEERING****June, 2020****Academic Year 2019-20**

**Message from Head of the Department**

Welcome and best wishes to all the friends of the Department who receive this Newsletter. It has been an interesting and busy semester for members of the Department.

This Newsletter is an attempt towards the achieving Motivation. The newsletter which is being rolled out today marks the launch of an Effervescent activity that would enable the Management to bring out to the eyes of the competitive world, the academic achievements of our prestigious institution.

The newsletter is one of the ways in which we can disseminate information on the life of the Department. The past semester was full of various activities by the students and faculty in academic, co-curricular, extra-curricular as well as research & developments. As you read through the pages you will realize, that the Department had a particularly successful semester. Still the semester was particularly had some impact of Covid-19 pandemic.

I would like to thank all my colleagues for their tireless efforts to help the department progress at a very steady pace.

–Prof. Rajat S. Patil

Editor's View

The purpose behind putting the newsletter is to give an opportunity to our student and staff to spotlight their insights, ideas and innovations and to show how this can be applied in almost any organization. The success of this newsletter depends on your response. I would appreciate your feedback.
