INSTITUTION'S INNOVATION COUNCIL
(Academic Year 2026-27)

Date: 11/08/2026

**"Lean Startup & MVP Boot Camp and Startup Ecosystem
Exposure: Visit to STPI"**

The Institution's Innovation Council (IIC) organized **"Lean Startup & MVP Boot Camp and Startup Ecosystem Exposure: Visit to STPI"** on **07th August 2026** at Hinjewadi, Pune. IIC along with Mechatronics Engineering department hosted a session for students and faculties from different departments to build awareness about entrepreneurship and incubation of startup. The session also emphasized on steps to be followed for pre-incubation, incubation and startup. The director interacted with young minds of the institute and solved their doubts related with entrepreneurship. The director introduce students to the fundamentals of entrepreneurship, innovation, product development and start-up thinking. He also suggested the students to identify a real-world problem, validate the problem with potential users, develop an innovative solution, create an MVP/prototype, collect feedback and present your validated start-up idea and give assurance that STPI will help for funding also.

The details of the Boot Camp are as follows:

Time: 09.30 AM to 03.30 PM.

Date: 07th August 2026.

Mode: Offline Mode.

Resource Person: Mr. Ajay Prasad Shrivastava, (Director) Pune (Maharashtra & Goa jurisdiction).

Activities performed:

The director sir shared information about opportunities for engineering graduates for starting their own startups and challenges to become an entrepreneur. The director also informed that Software Technology Parks of India (STPI), Pune provides an excellent ecosystem for students and emerging innovators to understand and explore the journey from technology idea to start-up and market-ready product.

The total Duration of the session is **05 Hrs.**

Total Participants: **58 Students & 04 Faculties.**

It was an interactive camp where student's doubts were solved.

Objectives:

- Understand Lean Startup & MVP concepts.
- Identify and validate real-world problems.
- Learn the Build-Measure-Learn approach.
- Develop an entrepreneurial mindset.
- Explore STPI's startup, incubation and innovation ecosystem.
- Understand opportunities for mentoring, funding and commercialization.
- Convert ideas into prototypes and viable solutions.
- Build confidence in startup pitching and entrepreneurship.

Outcome:

The outcome of this event is to spread knowledge about Lean Start-up & MVP. The boot camp aimed to create an entrepreneurial mindset among students by encouraging them to explore entrepreneurship as a career option without being deterred by the initial financial considerations. Through the Lean Start-up and MVP approach, students were introduced to the concept of starting small, validating ideas, learning from customers, developing prototypes and progressively building viable solutions. The emphasis was on innovation, problem-solving, value creation and learning, while developing an understanding of financial and business sustainability.

INDUSTRIAL VISIT TO STPI, HINJAWADI

Second Year Mechatronics Engineering students visited Software Technology Parks of India (STPI), Hinjawadi, Pune, gaining practical exposure to the IT industry, emerging technologies, startup incubation, innovation, entrepreneurship, and Industry 4.0.

Conclusion

The "Lean Startup & MVP Boot Camp and Startup Ecosystem Exposure: Visit to STPI" conducted on 07th August 2026 provided students and faculty members with valuable exposure to entrepreneurship, innovation, and the startup ecosystem. The interaction with Mr. Ajay Prasad Shrivastav, Director, STPI Pune, helped participants understand the practical journey from identifying a real-world problem to developing, validating, and improving an innovative solution.

The Visit introduced students to the Lean Startup approach, MVP development, Build–Measure–Learn cycle, customer validation, business model development, and startup pitching. The visit to STPI also created awareness about incubation, mentoring, technology support, funding opportunities, and commercialization of innovative ideas.

Overall, the programme successfully encouraged an entrepreneurial mindset, enhanced innovation and problem-solving skills, and motivated students to transform their ideas into practical and sustainable startup opportunities. The event served as an important step towards strengthening the institute's innovation and entrepreneurship culture and inspiring students to become job creators rather than only job seekers.
